

LPF-3000

Low Pressure Filter

Designed to meet and exceed the demands of today's industrial applications. Constructed completely of 316 SS, it can withstand a wide variety of harsh environments and applications. In addition to chemical resistance, the LPF-3000 has also been specifically designed for applications that demand ease in serviceability and long life.

Specifications

Connection: Inlet 1/4" FNPT Outlet 1/4" NPT

Size: O.D. 2.25"

Length: 2.65"

MAOP: 100 Psig

Flow: 3.0 GPM @ 100 Psig

Materials: All 316 SS Construction

Element: 100 Mesh

Features

Pancake Design

Mounts Directly into the Pump Suction Port

Welded 316 SS Construction

No Seals

Cleanable Element Without Removal

Made in the USA

Design Advantage

SIZE

- Light Weight and Compact

FILTER ELEMENT

- Cleanable
- All 316 SS

CANISTER

- Direct Mounting Design
- 100 Psi. Pressure Rating
- All 316 SS
- Welded 316 SS Construction
